

High light output and low energy consumption projector: Syclospot the 18 Watt LED spotlight is equivalent to a 35 Watt spot iodide. Fixed focus 22 ° or 40 °. Direct supply 230 Volt - fixation on adapter for 3-circuit track, Tieback or hook.
Tilt 200 ° - 360 ° azimuth.
Maintaining positions by friction and screw locking, no exterior handling needed.
Warranty period 3 years*.

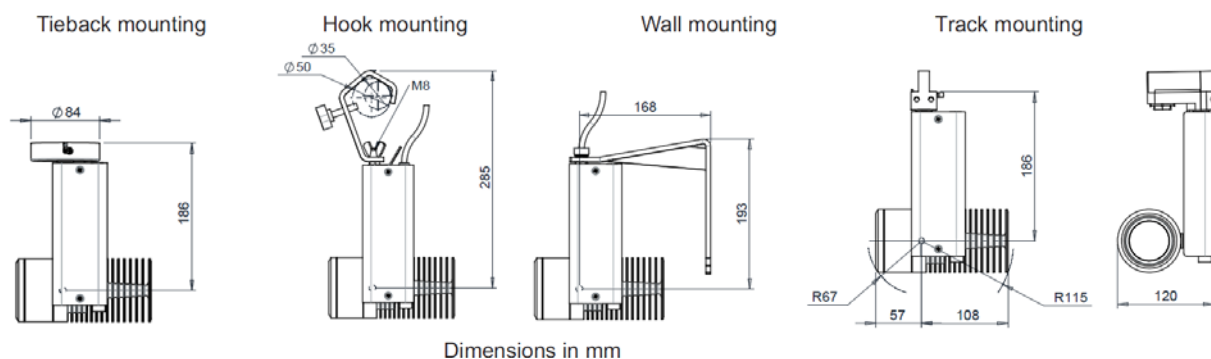

Technical characteristics

Light source	LED
Power consumption	18 W
Opening Angle	22° - 40°
Color Temperature	Warm white – Neutral White
Led luminous Flux	1830 - 1880 lm**
CRI LED (Typ.)	97 - R9 (typ.) : 90
Maintaining Flux L80B10	110 000 hours
Dimming / Control	Integrated Pot. / DALI / Phase cut.
Cooling	Passive
Materials used	Body : Aluminium – Painted steel
Finish	Black - White
Weight	1,610 kg

** International standards set the tolerance of the initial flux and the load associated with it at +/-10%. The color temperature is subject to a tolerance of up to +/- 150 Kelvin compared to the nominal value. Unless otherwise indicated, values are applicable for an ambient temperature of 25 °.
